

mysql执行sql文件:mysql 动态执行SQL

疯狂代码 <http://CrazyCoder.cn/> j:<http://CrazyCoder.cn/DataBase/Article23636.html>

在mysql存储过程中动态执行sql文

```
mysql> PREPARE stmt1 FROM 'SELECT SQRT(POW(?,2) + POW(?,2)) AS hypotenuse';
mysql> SET @a = 3;
mysql> SET @b = 4;
mysql> EXECUTE stmt1 USING @a, @b;
mysql> SET @a = 'select * from table1 ';
mysql> SET @b = 'where column1>10 limit 1';
mysql> SET @a = concat(@a,@b);
mysql> PREPARE stmt1 FROM @a;
mysql> EXECUTE stmt1;
```
